National Education Day 2023 Lecture

“Innovative Thinking & Skill Development in Agriculture can address challenges of Climate Change and Food Security” – Dr. R.S. Paroda

The Graduate School, IARI, New Delhi organized the Agriculture Education Day Lecture on 3rd December, 2023 under the Eminent Alumni Lecture Series. Dr R S Paroda, Chairman, TAAS and Former Secretary, DARE and Director General, ICAR was the Chief Guest and the main Speaker who spoke on “Opportunities in Agriculture”. He emphasised that in alignment with the National Education Policy 2020’s emphasis on quality education, innovative Thinking & Skill Development in Agriculture can address challenges of Climate Change and Food Security.

The lecture was, indeed, highly informative, useful and torchbearer for the students and was highly appreciated by the audience. The students were greatly benefited from the outstanding lecture followed by a very useful interactive question/answer session.
