Inaugural Lecture entitled “Innovations for Transformation of Agri-Food Systems - An Agenda for Amrit Kal’ By Dr R S Paroda, during FSII Leadership Talk Series

Federation of Seed Industry of India (FSII) is an association of R&D based plant science industry, engaged in the production of high-performance quality seeds for food, feed and fibre in India. As a part of our efforts to serve the Indian seed industry better, FSII organized webinars that are informative and valuable for the seed industry stakeholders by having visionary leaders, renowned experts, and industry veterans from the agri-food sectors from India and abroad sharing their vision.

Padam Bhushan awardee Dr R.S. Paroda, Chairman, Trust for Advancement of Agricultural Sciences (TAAS), and Former Director General, Indian Council of Agricultural Research (ICAR) and Secretary, Department of Agricultural Research and Education (DARE), Government of India, was invited as inaugural speaker to make a presentation on “Innovations for Transformation of Agri-Food Systems - An Agenda for Amrit Kal”. The webinar was attended by about 150 participants from academia, researchers, scientists, industry, policy-makers and students from India and abroad. During his speech, Dr Paroda emphasized to adopt the new innovations and technologies for sustainable growth in agriculture and achieve the targets of food production set by government of India for Amrit Kaal. He also discussed the various innovations for resilience in agriculture, sustainable production system, and equitable production system. Detail presentation and his speech can be accessed through following links:
